Further to questions, Mrs. Bélanger explains that the area located north of David Road is already part of the urban area.

Bertrand Tardif, 1505 Caron, asks if the sewers are included in this project. Mrs. Bélanger confirms that based on plans, the sewers would be located on David Street.

Bernard Sanscartier, 200 Sterling Road, Rockland, asks if there is some flexibility for the developers within the plan. Mrs. Bélanger explains that the goal is to establish policies that are similar to the surrounding areas. Mr. Sanscartier asks if he can adapt his development with the market and modify density. Julian Lenhart explains that the secondary plan has the goal to create a community and not a development. Paul Black explains that the location of the density zones could be changed, however the plan was redacted further to comments received by this community.

Further to questions, Julian Lenhart confirms that the plan is flexible, but for minor changes only. Mr. Paul Black gives clarifications regarding density.

Mr. Marc Daignault, 3051 Lemay Circle, presents the comments of Sancore Development Inc (7075863 Canada Inc) regarding this amendment and gives a document regarding this matter.
