### **7.3 Zoning By-law Amendment – 600 du Golf Rd – Hammond Golf**

#### **a. Presentation**

Claire Lemay presents the application for an amendment to the Zoning By-Law, submitted by 1618566 Ontario Inc. (Hammond Golf) for 600 du Golf Road, in order to add the use of a microbrewery.

#### **b. Committee/Public comments**

Laslo Masanji, 2223 Joannis Road, explains that he is against this amendment because of the water issues he had in the past on his property. He adds that a lot of information is missing in the application, in particular the exact quantity of water to be used by the business.

Aaron Martel, 250 Cardinal Street, explains that the water use will be around seven barrels, four times per week. He explains that their production will use their own filter system to reuse water in order to reduce water consumption. He adds that the microbrewery production will be for the golf only.

Leonard Gendron, 600 du Golf Road, explains that the wells were checked. He confirms that the proposed water consumption does not go over the requirements allowed by the engineering firm.

Further to comments, Mrs. Bélanger confirms that the definition of microbrewery is not included in the zoning by-law which is the reason why it is indicated as food processing.
