REÇU

05 SEP. 2019

CITÉ CLARENCE-ROCKLAND

Bouvier Road Residence
Attached Annex A

5 September 2019

Attention: Mayor and Councillors

We the undersigned "Annex A" residents of Bouvier Road request the City of Clarence Rockland to peruse the possibilities of having the existing Municipal Water Supply extended from Russell Road to Lavigne Road. Total distance is approximately 1.85km.

Presently there are a number of us who are experiencing low water levels in our wells. Shallow wells are continuously having to be monitored for contamination and bacteria.

This extension will also benefit the city by enabling an addition loop in the existing fire main system that was recently installed along Russell Road.

You may contact the following residences with updates. We will ensure all who signed are informed of the progression of this request.
